

PART ID: 4706

The SIRIUS 4706 is a aircoil antenna with stainless steel housing and was designed to be connected with fixed reader from the MAGNUM Series for used in waste management application. System integrators remove a tooth of the comb lifter and replace it with the SIRIUS LF antenna. The antenna is placed under the BIN TAG Chipnest transponder so that a good and accurate reading accuracy of the TECTUS Bin TAG 1021 is guaranteed.

Main Specifications

| Frequencies | LF HF UHF |
|--------------------------|--|
| Material | Stainless Steel + Epoxy |
| Operating Temperature | -20°C to 80°C |
| IP Class | IP67 |
| Compliance | RoHs & Reach, CE |
| Key Features | Rough Environment, ASK/FSK Modulation, Stainless Steel Housing |

Full Specifications

| Product ID | 4706 |
|------------------|---|
| Name | SIRIUS |
| Material | Stainless Steel + Epoxy |
| Shape | Aircoil |
| Long Description | The SIRIUS 4706 is a aircoil antenna with stainless steel housing and was designed to be connected with fixed reader from the MAGNUM Series for used in waste management application. System integrators remove a tooth of the comb lifter and replace it with the SIRIUS LF antenna. The antenna is placed under the BIN TAG Chipnest transponder so that a good and accurate reading accuracy of the TECTUS Bin TAG 1021 is guaranteed. |
| Key Features | Rough Environment, ASK/FSK Modulation, Stainless Steel Housing |
| Main Use | Waste Management |
| Article Type | Industry |
| Color | Steel |
| Length [mm] | 81 |
| Width [mm] | 31 |
